

## RENTAL CONDITIONS

### You must bring:

- A valid ID card or passport & a credit card.
- A phone number so that we can contact you while you are testing the bike.
- A desire to ride the best trails on Lake Garda with the best machines built for the trails.

### The rules of play:

- It is possible to reserve the bike for multiple days on the system, but this gives you no guarantee of one bike as we want multiple users to be able to test the bikes. Multiple bikes over multiple days is no problem.
- You are aware that mountain biking is a dangerous sport and you are taking a Liteville mountain bike at your own risk.
- You will use a helmet and protection where necessary.
- The Liteville mountain bikes are serviced and tested before every ride and will be in perfect riding condition.
- Damage to the bikes through major misuse will be charged. In this case you will only be charged the actual repair cost.
- You are not liable for any small scratches, dents or any other optical damages. It is a mountain bike after all!
- In the event of theft, you must replace the current value of the bike at the time of theft.
- Our current price list applies.

I have read the rental conditions and agree to them.

Torbole,
